Introduction

Program Background and Overview

In response to Tennessee Public Chapter No. 474 and Section 59 of the Tennessee Appropriations Act of 2005, the then Tennessee Department of Mental Health and Developmental Disabilities (TDMHDD), now the Tennessee Department of Mental Health and Substance Abuse Services (TDMHSAS), created the **Mental Health Safety Net** (MHSN) to provide essential mental health services to the 21,000 individuals identified as severely and /or persistently mentally ill (SPMI/SMI) of the 191,000 individuals who were dis-enrolled from the TennCare Program due to TennCare Reform. In **July 2005**, \$11.5 million was appropriated to fund the MHSN, also referred to as Clinical Therapeutics and Recovery (CTR). The MHSN covered vital core mental health services for individuals identified as SPMI, helping them lead more functional and productive lives in their communities. The MHSN would not have been possible without the successful partnership between the TDMHSAS and the twenty (20) mental health agencies that agreed to be providers of services through the MHSN.

Individuals who were registered into the MHSN were eligible to receive mental health services such as assessment, evaluation, diagnostic and therapeutic sessions; case management, psychiatric medication management, lab services related to medication management; and pharmacy assistance and coordination. In addition to these services, funds were allocated to the Tennessee Department of Finance and Administration to provide prescription assistance through CoverRx (a state prescription assistance program). CoverRx provided discounts on generic and brand name drugs plus one atypical antipsychotic drug per month with a \$5 co-pay. On March 1, 2010, due to fiscal mandates, CoverRx removed the brand name atypical antipsychotic drugs from the formulary but still provides access to some generic versions, if available. Currently, CoverRx offers over 250 generic and brand name drugs with a \$3 or \$5 co-pay. Each Provider also has a Pharmacy Assistance Coordinator(s) who assists service recipients in applying for CoverRx and accessing brand drugs through Pharmaceutical Manufacturer's Patient Assistance Programs.

On January 1, 2009, the TDMHSAS assumed full responsibility for the State Only program, the out-patient portion of the TennCare Partners initiative, which at the time was covering the provision of services to approximately 12,000 very low income Tennesseans diagnosed with SPMI. TDMHSAS staff examined various alternatives for provision of core mental health services and determined that the services offered through the MHSN would be the most appropriate for this population. Therefore, the MHSN and State Only programs were merged into a single program. This combined program was named the **Behavioral Health Safety Net of Tennessee (BHSN of TN)** and served the State Only out-patient population, as well as the original MHSN population. At this time, the BHSN of TN became eligibility based, and opened enrollment to all Tennesseans who met the eligibility criteria. To facilitate the implementation of the BHSN of TN with its expanded enrollment base, an additional \$10 million was appropriated. There is no federal financial participation for BHSN of TN service recipients. The ability of TDMHSAS to cover services is dependent on annual appropriations by the legislature.

Beginning July 1, 2009, the TDMHSAS agreed to offer three (3) BHSN of TN services to Daniels Class Dis-enrollees with Medicare and original MHSN individuals with Medicare who meet all other eligibility criteria except the age limit. The three (3) services offered were: Case Management; Medication Training and Support; and Clinically Related Group (CRG) Assessment, which were not covered by Medicare. These exception populations do **NOT** have access to CoverRx. **Effective February 1, 2011**, the CRG assessment was no longer being covered due to no longer being a tool used to determine eligibility. As a result of this change, only two (2) services were being offered: Case Management; and Medication Training and Support.

During FY16, the BHSN of TN partnered with 15 Community Mental Health Agencies that provided vital behavioral health services to approximately 29,872 individuals across the state of Tennessee. The top services utilized were: Case Management, Psychosocial Rehabilitation, Individual Therapy, and Office Visits for Evaluation and Management.

Eligibility

Determination

The Tennessee Department of Mental Health and Substance Abuse Services (TDMHSAS) shall be the lead state agency responsible for determining eligibility and contracting for services to be rendered to service recipients who qualify for assistance from the BHSN of TN. TDMHSAS contracts directly with Community Mental Health Agencies (CMHA) to deliver covered mental health services and pharmacy coordination assistance to applicants who qualify for BHSN of TN assistance.

Eligibility

Criteria

There are technical and financial eligibility requirements that must be met by individuals before they can qualify for BHSN of TN assistance. Individuals who are eligible for the BHSN of TN must meet the following requirements:

1. Be determined ineligible for TennCare or have completed a TennCare application; and
2. Do not have private health insurance, or the private health insurance lacks mental health coverage or all mental health benefits under the private health insurance have been exhausted for the year as determined by the Provider in consultation with the service recipient; and
3. As of September 1, 2013, individuals who have Medicare Part B, and meet all other eligibility requirements for the BHSN of TN may be enrolled. Additionally, any BHSN of TN service recipient sixty five (65) years of age or older will be treated as having Medicare Part B, even if they are not receiving Medicare Part B. These two groups are eligible only for the four (4) approved services: Case Management; Medication Training and Support; Peer Support and Psychosocial Rehabilitation Services.

Additionally, if an individual is enrolled in Medicare Part B and has chosen a Medicare Advantage Plan, they may also be enrolled in the BHSN of TN if they meet all other eligibility requirements of the BHSN of TN, provided the Advantage Plan doesn't cover the four (4) approved services above or the benefits have been exhausted for the year; and

4. Do not have behavioral health benefits through the Veteran's Administration; and
5. Be a US Citizen, or qualified alien; (see definition of qualified alien in **Appendix I**); and
6. Be a resident of Tennessee; and
7. Be diagnosed with a primary qualifying mental health diagnosis (please refer to BHSN of TN ICD10 Eligibility Diagnosis Codes document in **Appendix III**); and
8. Have a household income at or below 100% of the Federal Poverty Level (FPL); and
9. Be nineteen years of age or older; and
10. Not be in an in-patient facility, such as an inpatient psychiatric (sub-acute) hospital or nursing home; and
11. Not be an inmate or not be incarcerated.

Information Verification

By applying for BHSN of TN assistance, the service recipient grants permission and authorizes release of information to the TDMHSAS, or its designee, and to the Provider, or its designee, to investigate any and all information provided, or any information not provided if it could affect eligibility, to determine BHSN of TN assistance eligibility.

Information may be verified through, but not limited to, the following sources:

1. **Proof of annual household income:**

- a. Federal income tax records for current or previous year;
- b. Statement of unemployment insurance from the Tennessee Department of Labor and Workforce Development;
- c. Credit bureau report;
- d. State income tax records, where applicable, for any state where income is earned;
- e. Records from the Tennessee Department of Labor and Workforce Development and other employment security offices within any state where the applicant may have received wages or been employed;
- f. Insurance companies; or
- g. Any other governmental agency or public or private source of information where such information may impact an applicant's eligibility for BHSN of TN assistance.
- h. Information to keep in mind about annual household income:
 - (1) **Earned Income:** Earned income is money derived from an individual's work efforts including, but not limited to wages, salaries, commissions, or as profits from a self-employment enterprise, including farming, carried on either alone or jointly. It also includes pay received from jury duty, bonuses, vacation pay, maternity leave pay, and sick pay received by an individual while still employed. Garnished or diverted wages also are considered to be earned income. If a service recipient is employed, their income would need to be verified by one (1) month's pay stubs; a copy of the first page of the previous year's tax return, showing the total income for the household; or a dated and signed statement from the employer, stating the average number of hours worked each month and the hourly wage. If the service recipient is paid on a cash basis, then a written, signed, and dated statement from the employer will suffice.
 - (2) **Unearned Income:** Unearned income is defined as income not directly realized from work. This includes but is not limited to Social Security income, unemployment benefits, Family First (TANF) grants, child support, or cash gifts from family and/or friend. In the case of a Social Security payment, unemployment payment, or similar benefit payments permissible verifications include a copy of the check itself; a copy of a bank statement, if benefit is direct deposited; a copy of the benefit letter or change of benefit letter; or a print-out from the issuing agency (i.e. a print out from SSA in the case of Social Security or TDHS in the case of a Family First grant). In the case of cash gifts, a written, signed and dated statement from the giver will suffice for documentation.
NOTE: Food Stamps are **not** considered to be a type of unearned income.

- (3) No income: If an applicant reports that he or she lacks income of any type, then a completed copy of the BHSN of TN Income Verification and Homeless Declaration form should be filed and supporting documentation should be noted in the record. For example, a case management note regarding assistance with unemployment, vocational services, or application for other aid is adequate.

- (4) Whose income to consider:

Applicant's own income: Any income realized by the BHSN of TN applicant himself or herself **is** counted.

If Applicant is married: If the BHSN of TN applicant is married, then the spouse's income **is** also considered in determining the applicant's BHSN of TN eligibility.

If Applicant has a minor child with income: Income realized by a minor child, such as Supplemental Security Income (SSI) or Social Security survivors' benefits, is considered as a part of the overall household income, as it is under the control of the parent or legal/custodial guardian. Therefore, it **is** countable in determining the parent's or legal/custodial guardian's BHSN of TN eligibility.

If Applicant is an adult non-dependent child living with his/her parent(s): In the case of **adult** non-dependent children living with their parents, the parents' income is **not** countable in determining the adult child's BHSN of TN eligibility.

If Applicant is a parent living with his/her adult child(children): In the case of parent(s) living with their adult children, the adult child's income is **not** counted in determining the parent(s) BHSN of TN of TN eligibility.

If Applicant lives with adult siblings: In the case of adult siblings living together, income of one of the siblings **does not** count against the BHSN of TN eligibility of the other sibling.

If Applicant is living with other non-related adults, such as roommates: In the case of non-related adults living together (i.e. roommates), the income of one roommate **does not** count against the BHSN of TN eligibility of the other roommate.

2. **Proof of current legal residency in Tennessee:**

- a. Permissible forms of verification are rent receipt in the applicant's name, utility bill in the applicant's name, voter registration card, Tennessee driver's license, Tennessee state-issued picture identification card, or in the absence of the above, a signed and dated statement from a collateral contact, a person familiar with the applicant's circumstances (i.e. family member, friend, case manager, and other such person).
- b. If an applicant claims to be homeless, then a completed copy of the BHSN of TN Income Verification and Homeless Declaration Form should be included, and the community mental health agency's (Provider's) address, or the address of a shelter or other such place, should be used on all BHSN of TN forms.

3. **Proof of United States citizenship or qualified alien status:**
 - a. For United States citizenship, the permissible forms of documentation are: birth certificate, hospital birth record, voter registration card, certificate of citizenship or naturalization provided by the United States Bureau of Citizenship and Immigration Service (BCIS), United States passport, religious record (i.e. record of birth kept in a family Bible or a baptismal record), a social security card and a state-issued driver's license or state-issued picture identification card. **NOTE:** A Social Security card alone is not sufficient.
 - b. For qualified alien status, some of the permissible forms of documentation are: Permanent Resident Card (Green Card), Temporary Resident Card (Form I-687), Arrival/Departure Record (Form I-94), Employment Authorization Document (Form I-766), visas or other documents. For more information visit: <http://www.uscis.gov/portal/site/uscis>
 - c. If/When it is needed, verification of United States citizenship will only need to be supplied once. After the documentation is on file, it will not need to be sent a subsequent time.
 - d. Verification of qualified alien status will be needed once yearly.
4. **Proof of private health insurance when such insurance does not include behavioral health coverage. A letter stating that Behavioral Health Services are not covered or all mental/behavioral health benefits have been exhausted.**
5. **Evidence of being denied TennCare, such as a copy of the denial letter; the print-out from the TennCare Online Eligibility website; or documentation in a progress note.**

Eligibility Paperwork

Intake Process

A CMHA staff member or a Regional Mental Health Institute (RMHI) staff member determines if an individual is a potential candidate for BHSN of TN assistance, and then gathers the following paperwork. **An RMHI must have a valid CMHA referral in place prior to submitting a BHSN of TN enrollment form.**

Required Minimum Paperwork

The required minimum paperwork to establish BHSN of TN assistance consists of the items listed below. Some of these items are submitted to the TDMHSAS BHSN of TN Eligibility Unit, while others are kept on file with the BHSN of TN Provider in the service recipient record. Any completed CoverRx applications are to be sent directly to Magellan Health Services as noted on the next page.

Item to be submitted to the TDMHSAS BHSN of TN Eligibility Unit:

A completed BHSN of TN Enrollment Request Form (Intake/Application) with the original signature of the provider's Chief Executive Officer (CEO) or the designee of the CEO and the original signature of the individual.

Items to be kept on file with the Provider (For discussion of these items, please see Pages 7-9):

1. Proof of current household income;
2. Proof of current legal residency in Tennessee;
3. Proof of United States citizenship or qualified alien status;
4. Proof of private health insurance when such insurance does not include behavioral health coverage or all mental/behavioral health benefits have been exhausted.
5. Evidence of being denied TennCare, such as a copy of the denial letter; the print-out from the TennCare Online Eligibility website; or documentation in a progress note.

NOTE: An Enrollment Request Form may be submitted without proof of income, Tennessee residency, and United States citizenship, however, these items must be in the service recipient's file within sixty (60) calendar days of the begin date of the current registration. Any service recipient receiving mental health services paid for by the BHSN of TN shall be held financially responsible for all mental health services provided to the service recipient, if during receipt of any mental health services the person did not meet the BHSN of TN eligibility criteria. **Copies of the various forms used in the BHSN of TN eligibility process are located on the BHSN of TN electronic system (BHSNT) log-on page at: <https://mh.tn.gov/Uninsured/Default.aspx>.**

Item to be sent to Magellan Health Services:

A completed CoverRx application for pharmacy assistance.

The completed CoverRx application can be submitted via fax or via U.S. Postal Service. For expediency, it is recommended the application be faxed to Magellan Health Services. Frequently Asked Questions

1. Where are completed Behavioral Health Safety Net of TN Enrollment Request Forms sent?

The BHSN of TN Enrollment Request Forms should be submitted to the TDMHSAS BHSN of TN Eligibility Unit within the Division of Mental Health Services, a division of the Tennessee Department of Mental Health and Substance Abuse Services. BHSN of TN Enrollment Request Forms may be submitted to the Eligibility Unit via fax or email.

The BHSN of TN Eligibility Unit fax number is:

615-253-3187

The BHSN of TN Eligibility Unit email address is:

BHSNTAPP.Fax@tn.gov

2. What happens once an Enrollment Request Form is received by the TDMHSAS?

Once the TDMHSAS BHSN of TN Eligibility Unit receives a BHSN of TN Enrollment Request Form, it is screened for completeness. If the application is complete, the individual is screened for eligibility, based upon the information on the Enrollment Request Form. If the individual is eligible, an active registration is created in the BHSNT.

The process outlined above usually takes from two to five (2-5) business days to complete from the date of receipt of the Enrollment Request Form, depending on the volume of the requests.

Correspondences from the TDMHSAS BHSN of TN Eligibility Unit to Providers:

1. **Returns:** The reason for returns can be accessed in the comment field through the 'Inquiry' tab under the 'Patient' tab from the menu bar of the BHSNT. Safety net enrollment forms and review forms with errors will no longer be physically returned to providers.
2. **Approvals:** Approvals can be accessed through either the 'Inquiry' tab or the 'Active Registrations' tab under the 'Patient' tab from the menu bar of the BHSNT.
3. **Reviews:** Annual Scheduled Review Forms are sent to Providers within ninety (90) days prior to the expiration date of the Eligibility Assessment currently on record in the BHSNT.
4. **Denials:** Information on a denied enrollment request can be accessed through the 'Inquiry' tab under the 'Patient' tab from the menu bar of the BHSNT.

Correspondence from the TDMHSAS BHSN of TN Eligibility Unit to Applicants:

1. **Denial Letters:** A denial letter is mailed directly to an applicant if an application fails to meet eligibility criteria for BHSN of TN.

3. What is considered the ‘Effective Begin Date of BHSN of TN Assistance’?

For BHSN of TN applicants, the effective begin date of the BHSN of TN assistance depends upon the timely receipt of an appropriately completed Enrollment Request Form from a Provider with all eligibility criteria in place. If a completed enrollment request is received within thirty (30) calendar days from the initial service date, the initial service date will be the effective date of eligibility.

If a completed Enrollment Request Form is received more than thirty (30) calendar days from the initial date of service, the effective date of eligibility will be the date the completed enrollment request is received by the TDMHSAS BHSN of TN Eligibility Unit. It is important to note that if an incomplete enrollment request is received within thirty (30) calendar days from initial date of service and is not rectified within this time period, the effective date of eligibility will be the date the completed application is received. Therefore, it is in the service recipient's and Provider's best interest to submit enrollment requests as soon as possible after an individual presents for services to prevent non-payment of reimbursable services.

NOTE: If two (2) or more enrollment requests for BHSN of TN are submitted by different CMHAs within at least two weeks of each other for the same individual or if in the case of a provider change, the secondary BHSN of TN application is received within two weeks of a service billing by the current provider of record, we will request that the CMHAs involved investigate the situation, including contacting the service recipient to ascertain which agency they choose for BHSN of TN services.

4. How does a Provider report changes in service recipient circumstances?

Any changes in a service recipient's circumstances that could possibly impact BHSN of TN eligibility should be reported immediately. Such circumstances include, but are not limited to the following: changes in household income or household number, residential address, acquisition of other behavioral health insurance, Tennessee residency, and incarceration status. Changes in circumstances should be reported on the Change of Service Recipient Information Request Form, which can be downloaded from the BHSN of TN electronic system (BHSNT) log-on page. The completed form should be faxed to the TDMHSAS BHSN of TN Eligibility Unit at (615) 253-3187 or scanned and emailed to BHSNTAPP.Fax@tn.gov.

Annual Review

TDMHSAS shall be responsible for the re-verification of BHSN of TN enrollment. This re-verification process shall be completed at a minimum of **every twelve (12) months** for BHSN of TN service recipients and is aligned with the expiration date of the service recipient's Eligibility Assessment. The primary purpose of re-verification is to ensure that those who continue to access behavioral health services through the BHSN of TN still meet the criteria for eligibility.

Ninety (90) days prior to the annual review date, a **BHSN of TN Scheduled Review Form** will be sent to the Provider. The review form will address and capture updated data on all BHSN of TN eligibility criteria, including the individual's most recent date of service and date of Eligibility Assessment. **The BHSN of TN Eligibility Scheduled Review Form must be completed, signed, and dated by the service recipient and the agency preparer. The Scheduled Review Form must be returned to the Eligibility Unit no later than the eligibility assessment expiration date printed on the top portion of the review form, or the service recipient may lose their BHSN of TN assistance.**

If the service recipient continues to meet the BHSN of TN eligibility criteria, the Eligibility Assessment information is updated in the BHSNT and program eligibility continues.

If the determination is made that the service recipient no longer meets the criteria for BHSN of TN eligibility, the registration will be closed. The service recipient will be issued a termination letter, explaining the reason for termination.

NOTE: The Scheduled Review Form preparer should ensure that all services have been submitted to the BHSNT before indicating a closed registration on the Scheduled Review Form.

1. Where are completed Behavioral Health Safety Net of TN Scheduled Review Forms sent?

The BHSN of TN Enrollment Scheduled Review Forms should be submitted to the TDMHSAS BHSN of TN Eligibility Unit within the Division of Mental Health Services, a division of the Tennessee Department of Mental Health and Substance Abuse Services. BHSN of TN Scheduled Review Forms should be submitted to the Eligibility Unit via fax or email.

The BHSN of TN Eligibility Unit fax number for Reviews is:
615-741-5807

The BHSN of TN Eligibility Unit email address for Reviews is:
BHSNTREV.Fax@tn.gov

Item to be submitted to the TDMHSAS BHSN of TN Eligibility Unit:

A completed and signed BHSN of TN Eligibility Scheduled Review Form. A copy should be maintained in the service recipient's file.

Items to be kept on file with the Provider (For discussion of these items, please see Pages 7-9):

1. Proof of current household income; and
2. Proof of current legal residency in Tennessee; and
3. Proof of U.S. citizenship or qualified alien status; and
4. Proof of private health insurance, when such insurance does not cover behavioral health issues; and
5. A copy of the TennCare denial letter, the print-out from the TennCare Online Eligibility website; or documentation in a progress note.

In addition to the paperwork listed above, a CoverRx application for pharmacy assistance should be completed and sent to Magellan Health Services. Contact information Magellan Health Services is given on Page 11 of this manual.

NOTE: An annual Scheduled Review Form may be submitted without proof of income, Tennessee residence and United States citizenship. However, these items must be in the service recipient's file. Any service recipient receiving mental health services paid for by the BHSN of TN shall be held financially responsible for all mental health services provided to the service recipient, if during receipt of any mental health services the person did not meet the BHSN of TN eligibility.

Termination of Assistance

Through the review process, the TDMHSAS will determine if service recipients still meet the criteria to continue their BHSN of TN assistance. When service recipients are determined to no longer meet the eligibility criteria to continue assistance, they will be mailed a termination notice.

1. When will a service recipient be terminated from the BHSN of TN?

1. If the service recipient no longer meets any of the BHSN of TN eligibility criteria, such as income above 100% FPL, no longer a resident of Tennessee, or the diagnosis rendered by the Eligibility Assessment is not a qualifying diagnosis; or
2. If it is found that the applicant falsified information provided in the BHSN of TN application and approval was based on the false information; or
3. If the service recipient is found to be eligible for TennCare or other insurance coverage through state audits or other program monitoring activities; or
4. If the service recipient's most recent Eligibility Assessment expires due to a non-response from the CMHA of record to the annual Scheduled Review Form; or
5. If the service recipient requests to be dis-enrolled from BHSN of TN; or
6. If the Provider requests closure of a service recipient's registration; or (Provider should ensure that all services have been submitted to the BHSNT before indicating a closed registration on the Scheduled Review Form or Change of Information Form)
7. If the service recipient is incarcerated; or
8. If the service recipient is in an inpatient facility, such as an inpatient psychiatric (sub-acute) hospital or nursing home; or
9. If the service recipient dies.

2. What can a service recipient do if they are deemed ineligible for BHSN of TN?

The BHSN of TN is **NOT** an entitlement program. Therefore, service recipients who have been denied enrollment or had enrollment terminated based upon the annual review process do not have appeal rights. Denied or terminated service recipients can file a new BHSN of TN Enrollment Request Form, if there has been a change in circumstances.

Covered Services

Covered services for eligible service recipients enrolled in the BHSN of TN, with the exception of enrollees with Medicare Part B, may include:

1. Clinical Therapeutic and Support Services;
2. Psychiatric Medication Management; and
3. Labs related to Pharmacological Management.

Case management is tied to access to services related to follow-up activities such as individual/group therapy, psychiatric medication management, pharmacy assistance and coordination and labs related to medication management; services that promote community tenure. Case management is offered to safety net individuals with a current assessment of severe and persistent mental illness and other clinical considerations. Payments and Billing

Maximum Liability

Each participating BHSN of TN Provider has a maximum liability for each state fiscal year it is being funded. Net payments to Providers cannot exceed the quarterly cap; if a payment derived exceeds the quarterly cap, then a debit balance forward is created for the BHSN of TN Provider.

How does a Provider receive reimbursement for eligible services?

The BHSN of TN program will reimburse contracted BHSN of TN Providers up to the amount of the annual contract maximum liability for all eligible Fee-for-Service activities as delineated in the BHSN of TN Service Rate Sheet on **pages 17-19**. All claims for eligible services should be entered into the BHSNT or sent in electronic file format (837p file) on a monthly basis. Payment processing for BHSN of TN Providers will occur once a month on the fourth (4th) business day of the month, at 9 a.m. Central Time (CT). All eligible services must be received by 9 a.m. CT on the fourth (4th) business day of the month in order to receive reimbursement within seven to ten (7-10) business days from the date of the Payment Process.

The 13th Payment Process: BHSN of TN Providers will be offered a 13th Payment Process for the end of prior state fiscal year billable services. The billing period for each state fiscal year officially ends on June 30th and it is expected that the bulk of the BHSN of TN Provider's billable services will be entered by the Payment Process in July of each year. For BHSN of TN Providers who are unable to enter all billable services for the state fiscal year by the July Payment Process, the 13th Payment Process will be scheduled in the first quarter of the following program year/state fiscal year. After the July Payment Process in each state fiscal year, BHSN of TN Providers will be asked to provide an accrual amount for the 13th payment as well as a readiness date in order to schedule the 13th Payment Process.

Whenever a BHSN of TN service recipient is determined eligible for the TennCare Program, they are automatically dis-enrolled from the BHSN of TN. When this occurs, the provider of the BHSN of TN services will have 120 days from the date of the final eligibility determination by the Bureau of TennCare (date added to MCC) to bill for any services rendered from the start of TennCare coverage. It is the responsibility of the provider of BHSN of TN services to bill TennCare for services rendered on or after the start date of TennCare. After the TennCare Bureau reimburses the provider for services rendered, the provider will credit back to the BHSNT of TN program any services that were also paid for by the BHSN of TN. Guidelines for retro billing services to the TennCare Bureau can be found on the BHSNT log-in page under the file name **TennCare Retro Billing Guidelines**.

NOTE: BHSN of TN Providers can only bill for services delivered within a registration period where the BHSN of TN Provider is identified as the BHSN of TN Provider of record. For example, if a service recipient is registered for the BHSN of TN with a CMHA effective 01/15/2011, then the BHSN of TN Provider will only be able to bill for services delivered on 01/15/2011 or later. As an additional example, if a service recipient is registered for the BHSN of TN assistance with a CMHA from 01/15/2011 through 02/28/2011, then the BHSN of TN Provider will only be able to bill for services on or between these dates.

In order to submit billable services by 837p file, contact the TDMHSAS BHSN of TN staff listed in **Appendix IV** to receive documentation on the file protocol and instructions for submitting a test file prior to sending an actual billing file. A test file must be accomplished prior to all BHSN of TN Providers submitting billable services via an 837p file.

BHSNT Log-on Page:

<https://mhddapps.state.tn.us/Uninsured/Default.aspx>

BHSN of TN Provider functions:

1. Enter Services;
2. View/Update Services (with Credit Capability);
3. Remittance Advice access; and
4. Patient Inquiry.

1. Enter Services:

After logging on to the BHSNT, the cursor will blink in the SSN field of the Enter Services page. Enter the service recipient's Social Security Number (SSN) and use the Tab key to move to the next field. If a match is found for the SSN, the service recipient's name and date of birth will display. Confirm that this information is correct and proceed with the tab key to enter a Date of Service and select Service Code and specify Unit(s). Tab to enter and a service record will appear below with visual confirmation of the entered service. If there is an error noted, double click the record in the grid and make necessary corrections or delete (if the service has **NOT** been billed).

Possible Error Messages for Enter Services:

1. "Please Enter a Valid SSN for a patient registered with your Agency!" - Service recipient is not registered with the BHSN of TN Provider agency.
2. "Date of Service is not within a registration span for your Agency!" - Date of Service is prior to service recipient's Registration Begin Date.
3. "The Service Record you are attempting to enter already exists for this patient!" - The same Service Code is not allowed on the same date of service for a service recipient.
4. "The Service Record you are attempting to enter cannot be billed in combination with code XXXXX" - Specific combinations of Service Codes are not allowed on the same date of service for a service recipient. **See page 19.**
5. "Units Exceed Maximum CAP of 'x'"; ('x' will vary depending on the service being entered) - Units entered exceed the maximum defined for the Service Code. For example, maximum number of case management units allowed to be billed in one (1) single day is twelve (12).

2. View/Update Services (with Credit Capability):

All service records can be viewed, whether entered through online interface or processed via an 837p file.

- a. After logging on, select '*Services*' on the Menu bar and then select '*View/Update*'. From here, the user has the option to select from the list of service recipients with services or enter an SSN to find a specific service recipient.
- b. By default, the screen will list all service records with the most recent appearing at the top of the list.

The roll up date is the date that the BHSN of TN executed the billing process (this is usually accomplished on the fourth (4th) business day of the month).

- c. **Services Not Yet Paid:** if a service record displayed does not include the billing period identifier and roll-up date, then it has not been paid for and the user may click on the entry in order to modify the record.
- d. **Services Already Paid:** if the service record displayed includes the billing period identifier and roll-up date, then it has already been paid and **CANNOT** be modified.
 - (1) HOWEVER- the user may click on the entry in order to credit it. This will take the user to the credit services screen where the user must input a reason for the credit and click '*Credit*' button to accomplish the credit to the record.
 - (2) Once a record has been credited, it will no longer display in View/Update services UNLESS the user specifies that he/she wants to list credited services (by clicking on the dot beside credited services before selecting '*Search*').
 - (3) When a BHSN of TN consumer is determined to be eligible for TennCare it is the responsibility of the provider of BHSN of TN services to bill TennCare for services rendered on or after the TennCare effective date for those individuals. After TennCare reimburses the provider for services rendered, the provider will credit back to the BHSN of TN program any services that were paid for by the BHSN of TN. If TennCare does not reimburse the provider for retro services billed, the provider **does not** have to credit back that service to the BHSN of TN, but **must keep** the denial notification from TennCare in the consumer file. See TennCare Retro Credit Guidelines on the BHSNT log-in page.

3. On-Line Remittance Advice:

- a. After logging on, select '*Payment*' on the Menu bar and then select '*Remittance Advice*'. Payment entries by billing period will display with amounts for Pharmacy Assistance and Coordination, Fee-for-Service, Admin fee, any balance forward and net payment.
- b. Select a specific billing period to see detail for that payment.
 - (1) Click column header to change the sort order.
 - (2) The bottom right of the screen lists detail of the net payment including credits.
- c. To download the remittance advice to Excel, click on the '*Excel*' button.

4. Patient Inquiry:

In the BHSNT, BHSN of TN Provider users have read-only access on service recipients registered with their agency. To search for a service recipient, select '*Active Registrations*' for a list of service recipients registered with your agency. For more detailed instructions on the Patient Inquiry Screen, please reference the Patient Inquiry Screen User's Guide on the BHSNT log-on page:

<https://mh.tn.gov/Uninsured/Default.aspx>

To look up a service recipient:

1. Log onto the BHSNT;
2. Select menu item '*Patient*';
3. Select '*Inquiry*' from drop down menu; and
4. Enter the SSN of the service recipient and click '*Enter*'. The following will be displayed:

MOT	Received From	Provider	Begin Date	End Date	Status	Reason	Received date

These fields are self-explanatory, for example, "Active" status means that the service recipient has a valid registration segment.

NOTE: The most recent activity will appear on the top row. This will not always be the active registration segment. The active registration segment will display "Active" in the Status column of the grid and End Date column of the grid. The End Date column will be blank.

To view an agency's active registrations:

1. Log onto the BHSNT;
2. Select menu item '*Patient*'; and
3. Select '*Active Registrations*' from the drop down menu - A list of service recipients will appear with the option to export to Excel.

5. Eligibility Inquiry:

This function allows provider users to determine if a BHSN of TN applicant is already active for safety net assistance with a provider agency other than their own. Eligibility Inquiry is driven by an applicant's SSN. If the input SSN of the applicant is found to be active in the BHSNT system, the applicant's demographic information will be displayed, along with the provider agency where they are currently registered. If a match is not found, a message of "No Records Found" will be received instead. When a positive match is received and the listed provider is different from the inquiring provider, it is asked that the other provider be contacted and informed that the applicant's intention to change their safety net provider.
